About Me

For the past 2 years, I've been designing patterns with a view to using them for products to make the world a more colourful place. Now I would like to take the step and present my patterns to these products.

For my patterns I mainly use my watercolour illustrations, but wax or wood crayons and ink are also used for my designs, which are mainly inspired by nature.

Would you like to see more of my patterns or do you have any questions? Then just write me a message to david@biene.art and I will get back to you as soon as possible!
